

Presses and hydraulic power packs – Your project, our know-how

SMETEK HYDRAULIC PRODUCTION PRESSES - SENNERSKOV PLATEN- and FORM PRESSES

KUNI Maskinfabrik A/S has acquired the two well-known Danish press manufacturers SMETEK and Sennerskov.

The longstanding expertise in machine building of the 3 companies is thus now under one roof.

SMETEK Presses

SMETEK hydraulic presses are built to customers' requirements ranging from 25 to 10,000 ton in 1-6 axes design.

SENNERSKOV Presses

Sennerskov presses has since 1943 produced and delivered more than 2,000 hydraulic cold and hot forming presses for rubber, plastics, metal and wood/furniture industries throughout the world.

Service and rebuilding

From the headquarters in Silkeborg our service technicians and engineers service and rebuild own as well as other makes of presses. Likewise original spare parts are supplied from here.
