

COOLING UNIT

Type: ENR 001 for 2-roller adhesive applicators

Type: ENR 003 and ENR 004 for 4-roller dosing applicators

- Efficient cooling unit for 2-roller adhesive applicators and 4-roller dosing adhesive applicators respectively.
- Digital temperature reading.
- Adjustment of cooling temperature.

| Type | Nominal cooling capacity At water in/out +12/+7° C and ambient-temp. +35° C | Power | Fuse | Refrigerant type | Tank volume | Equipment dimensions height x length x width - weight |
|---------|---|--------------------|------|------------------|-------------|--|
| ENR 001 | 1300 W | 1 x 230V, 50 Hz | 10 A | R407 C | 20 L | 760 x 345 x 390 mm - 33 kg |
| ENR 003 | 3400 W | 1 x 230V, 50 Hz | 16 A | R407C | 43 L | 1070 x 520 x 615 mm - 110 kg |
| ENR 004 | 4600 W | 1 x 230V, 50 Hz | 16 A | R407C | 43 L | 1070 x 520 x 615 mm - 120 kg |
